Dear **Monish Sir**,

It was a pleasure meeting you this afternoon with the trophy I won at Qatar last month.

This was a **golf tournament organised at Doha, Qatar for celebrities from across the world.**

The tournament was held over one round of 18 holes only. It was a scramble format where the team consisted of 1 celebrity and 3 amateur players. Under this format of play the players are to select the best ball after teeing off and all play the shot from there. Similarly on the green they all putt from the best ball position to finish the hole.

This was an inaugural tournament and **Mr.Kapil Dev was invited as a celebrity** along with me as an amateur. The other 2 members of the team were Mr.Fazal Kazi from Doha and His Excellency Mr.Kumaran the Ambassador of India at Qatar.

There were a total of 88 players forming 22 groups for the event. **Our team played extremely well to win the event with a score of gross 10 under, and a net score of 13 under** comprising of 8 birdies and 1 eagle. The runner-up team finished 12 under par.

*I would like to thank you for your patient, hard work and guidance to me a 64 years man for improving my game which was witnessed by me during this event. Thanks to a great extent is also due to Jaypee Greens for getting a great pro for us, the members of the club.*

*This note is just to show my respect to you, my coach, Regards,*
